PERSONAL STATEMENT

As a graduate from Jomo Kenyatta University of Agriculture and Technology, I undertook an internship with Toon Five Four which as a graphics and web design company. This placement enabled me to develop specific graphic and web design experiences, valuable and transferable skill sets necessary in this dynamic sector. While utilizing my outstanding communication skills, I created innovative solutions and maintaining a positive image of the organization. I nurtured harmonious and successful relationships with both the internal and external staff.

CORE COMPETENCIES

User interface design for web and mobile applications. Creating a wide range of graphics and layouts for product illustrations, company logos and websites with softwares such as photoshop and illustrator. Design brochures logos, sign boxes, annual reports, advertisements, social media content and other communication materials. Illustrating concepts by designing examples of art arrangement, size, type size and style and submitting them for approval.

WORK HISTORY

1. Liaison Compulynx Technologies(LCT) (2019-present)

- Work as a consultant tasked with various responsibilities which include hardware and software maintenance
 - Graphics and web design.
 - Dealing with client handling as the company works in affiliation with its parent company Liaison Group which is an insurance company working towards providing the best health insurance packages for its clients.
2. Worked as a Cyber café attendant where I learnt more on the ropes concerned with the IT department thus bettering my knowledge on the IT field.
 3. Partially worked as, a computer maintenance person repairing and cleaning computers and other devices for individuals and cyber cafes.
 4. Undertook an internal internship at JKUAT in my second and third years enabling me to acquire experience and ability to work under pressure while displaying adequate outcomes.
